SOFTWARE QUALITY ASSURANCE ENGINEER

In manual testing training, I have gained extensive experience in how to check quality of developed software or project, analyzing webpage and web application data for testing, and preparing test case development. My attention to detail and ability to work effectively in a team have helped me to consistently deliver accurate and timely results.

PROJECTS

TOPS CAREER CENTER
ROLE: Manual Tester
September-December 2024
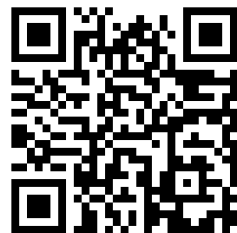

- **Developed test cases and scenarios:** to ensure comprehensive coverage of functionalities of the Tops Technologies website. Ensure that all test cases were aligned with the project requirements and user scenarios.
- **Bug identification:** Identified and documented numerous bugs and issues on the Tops Technologies webpage. Utilized bug tracking tool like **ZIRA,BUGZILLA** to track and report these issues.

QUALITY ASSURANCE
ROLE: MANUAL TESTING AND AUTOMATION
SEPTEMBER 2024 - PRESENT

- Contributed to overall quality assurance process by providing valuable insights and suggestions to improve the website functionality, user experience, and performance.
